

project type

New Student Center

project name

Student Interactive Center

location

Fort Wayne, Indiana

client

INDIANA TECH

scope

PEDCO was selected to design a new student center for Indiana Tech. The concept for this 70,000 square foot facility includes the Student Union with a six-lane bowling alley, "Grab-N-Go" café, and meeting areas. Food service for the campus will be housed in this complex with a new kitchen and dining area. The library and bookstore will be relocated to this complex as well. A new Conference Center with Student Government offices, the Business Office, and tutoring offices and a 180-seat auditorium will also be housed.

services provided

Mechanical, Electrical, Plumbing
