PEDCO Supports Cincinnati Walks for Kids

CINCINNATI, OH —PEDCO E&A Services, Inc. (www.pedcoea.com), a full-service engineering and architecture firm proudly participated in Cincinnati Walks for Kids raising money and awareness for the new Liberty Township pediatric medical facility.

53 PEDCO employees, their families and friends walked the 3 miles at Coney Island in support of the hospital and helped raise over \$6,000.

“I have a special connection and respect for Children’s Hospital - the organization that helped our 18 month old daughter. The doctors at Children’s put our daughter at ease while they ran several test to determine what was wrong. After they ruled out several major diseases, they were able to develop a plan to bring her back to health”, said John Eby, PEDCO engineer.

PEDCO is not only a strong supporter of Children’s, they also helped design and engineer the new Liberty Township facility. PEDCO lead the engineering efforts for the mechanical, electrical systems, along with the plumbing design. PEDCO assisted Children’s with the site selection and development as well as commissioning services during and after construction.

PEDCO is proud to be apart of the Children’s Hospital team as they work to improve the health and well-being of the children in Greater Cincinnati.

About PEDCO

PEDCO E&A Services, Inc. was founded in 1981. With offices located in Cincinnati, Ohio and Fort Wayne, Indiana, PEDCO serves a variety of premier Midwest clients in industries ranging from Corporate, Industrial, and Health Care to Education, Working Environments, and Facility Services.
