**PEDCO Supports Cincinnati Walks for Kids**

**CINCINNATI, OH** — PEDCO E&A Services, Inc. ([www.pedcoea.com](http://www.pedcoea.com)), a full-service engineering and architecture firm, is proud to be participating in Cincinnati Walks for Kids 5K walk to raise money for Cincinnati Children’s Hospital. The race starts with a bang at 10 am on Saturday, October 13.

PEDCO is teaming up with outstanding organizations such as BHDP, Foxx/Danis, Karlsberger, THP, and the staff from the new Cincinnati Children’s Hospital Liberty Township campus. This “Liberty Campus Team” is raising money to build a new playground at the new Liberty Campus.

PEDCO is currently working with Cincinnati Children’s Hospital on their new Liberty Campus facility — a 230,000 square foot state-of-the-art outpatient pediatric care facility in Liberty Township, Ohio. PEDCO was engaged during the site selection and evaluation process, providing due diligence and planning. Once the site was selected and real estate transaction completed, PEDCO, as part of a design team, commenced design of the site infrastructure and complex mechanical, electrical and plumbing systems that serve the facility.

“We are proud to team up with some other great organizations to help support Cincinnati Children’s Hospital,” said William Giesler, President of PEDCO. “This is a special opportunity to contribute to such an important service, and literally to ‘walk the walk’ of PEDCO’s core values, which include a commitment to community development.”

***About PEDCO E&A Services, Inc.***

*PEDCO E&A Services, Inc. was founded in 1981.
