PEDCO Growth Continues

CINCINNATI, OH — PEDCO E&A Services, Inc. (www.pedcoea.com), a full-service engineering and architecture firm, announced today that the firm has added ten key members to its professional staff.

“We are excited to welcome a significant addition of talented staff to our team. For PEDCO to meet the growing demand for creative designs in this market, it is important for the company to build a talented professional team,” said William Giesler, President of PEDCO. “This addition of staff to PEDCO demonstrates our commitment to our long-standing clients, while positioning the firm to win new opportunities in the markets we now serve. These are exciting times at PEDCO.”

Mark Allen has joined PEDCO as a Mechanical/Electrical Designer. In this role, Allen is responsible for the design and layout of various types of plumbing and electrical systems for commercial and industrial buildings. Allen’s career spans nearly 20 years, where he has served in various roles such as electrical and mechanical designer. Allen attended the University of Cincinnati.

Nicole Burgess has joined PEDCO as a Project Assistant. In this position, Burgess will support Project Managers and teams in the delivery of designs and other deliverables to our clients.

Sierra Croxton has joined PEDCO as an Electrical Engineer. In this position, Croxton is responsible for designing various electrical systems, and specifying equipment sizing in coordination with architectural, mechanical, and structural teams involved in the project. Croxton holds a B.S. in Electrical Engineering from the University of Cincinnati.

Phil Lambing has joined PEDCO as a Senior Electrical Engineer. In this position, Lambing is responsible for design and specification of electrical systems, including equipment sizing, layout, and coordination with mechanical and power systems. Lambing has over 25 years of experience in the electrical engineering field, is a Certified Lighting Designer by the National Council on Qualifications for the Lighting Professions (NCQLP). Lambing is also past Vice President of the Ohio Valley Section of the NCQLP.

Tonya McCullar has joined PEDCO as a Receptionist/Project Clerk. In this position, McCullar is responsible for general office administration, and providing clerical support on various projects.

Jason Park has joined PEDCO as a Mechanical Engineer. A licensed Professional Engineer, Park is responsible for design and specifications for various mechanical systems, including equipment sizing, layout, and coordination of systems, and the coordination of designs with all other discipline teams involved in the project, such as electrical, structural, plumbing, and architecture. Park has nearly 10 years of professional experience including significant work in process engineering, and holds a B.S. in Mechanical Engineering from the University of Evansville.

Matthew Pater has joined PEDCO as an Electrical Designer. In this role, Pater is responsible for design and layout, various electrical systems, and the coordination of designs with mechanical, structural, plumbing, and architectural teams involved in the project. Matt attends the College of Engineering at the University of Cincinnati.

Peter Rasche has joined PEDCO as a Mechanical Engineer. A licensed Professional Engineer, Peter will be responsible for leading the design of various mechanical systems, managing project timelines to ensure completion, coordinating with architects, owners, and other consultants, and performing construction administration and site observations. Rasche earned a Doctor of Jurisprudence from Tulane Law School, and a Bachelor of Science in Mechanical Engineering from Tulane University, School of Science and Engineering.

Randall Sharp has joined PEDCO as a Systems Administration Assistant. In this role, Sharp will support PEDCO's Systems Manager in the maintenance and development of the company's information technology and systems. Sharp earned a Bachelor of Science in Information Technology from the University of Cincinnati, College of Applied Science.

Peter Youket has joined PEDCO as a Mechanical Designer. In this role, Youket is primarily responsible for design of HVAC systems for industrial and commercial office facilities, making contributions to projects such as layout, design and equipment specification. Youket attended Cincinnati State Technical and Community College.

About PEDCO E&A Services, Inc.

PEDCO E&A Services, Inc. was founded in 1981.
